

ASIA

The Asia region has a vision to transform lives in dynamic communities. As an intern, you'll serve in your area of focus while being part of localized summer ministry experiences. You'll also be poured into by a team of missionaries as you learn more about your gifts and passions. Our hope for the internship experience is you will grow in your relationship with God, expand your skill set, be more prepared to disciple people from other cultures, and perhaps discern a long-term call to missions and ministry.
